Bittersweet emotions as I read. I felt connected to each character as if the writer had opened my head and took my thoughts. So much more to say but guys you all should definitely get a copy. I finished reading in one day, because I could NOT put it down.

I could not stop reading this book. It was so hard to put down because of work. I loved how the book started off as a girls trip then led into each character speaking about a traumatic time in their lives. This book is very emotional. I caught myself bawling real tears. I love how personal this book became. Although I cannot relate to any of the characters, I felt the pain and hurt each one went through. I strongly recommend this book, and I hope SELAH will get the recognition it deserves and goes far.

One never know the storms one will encounter in life, it's not magnetic the circumstances of evil that exist to destroy ones life. The unity formed through each experience transcends to the reader like myself the power of love. **Nick, Amazon Review** ★ ★ ★ ★ ★
